Gen-Tel Starts New Directory

General Telephone customers in the communities of Grayling, Grayling, Higgins Lake, Houghton Lake, Roscommon, and Vanderbilt who wish to make corrections or additions to the telephone directory should contact the company's service office now, according to Lane White, division manager for General Telephone. The company is beginning to compile information for their new directory.

During the information compilation period, both residential and business customers can change their listings. Representatives of the General Telephone Directory Company will contact business customers to insure that they have an opportunity to review and discuss their Yellow Pages listings. Publication and distribution dates for the new directory will be announced later, White said.

Summer Training Begins

Guard Arrive Saturday

This weekend will mark the start of summer training for National Guard citizen-soldiers, when a total 1,807 move in to use the some 194,000 acres of Camp Grayling for their annual two week encampment.

According to Col. Edmund Rutkowski, Camp Commander, except for weekend drills by small groups throughout the year, this will be the earliest opening of the entire camp in several years when the first contingent arrives on May 31st.

A total of 25,311 guardsmen will use the camp's facilities this summer, Col. Rutkowski said, with the largest group, totaling 11,832 from Indiana using the sprawling confines from August 2nd through the 16th.

The first encampment from May 31 to June 14 will be a combination of Ohio

and Michigan Guardsmen with a total strength of 1,807.

The period of June 14-28, Ohio and Michigan will again join forces with 5,740 using the camp's complex.

From July 12-29, the rest of the Michigan Guard personnel with a strength of 4,675 will undergo their two weeks in the field.

Moving in on August 2nd through the 16th, 11,832 Hoosiers, the largest of the encampments, will be here for their two week training period.

Overlapping the Indiana training period, 747 Guardsmen from Ohio will use the facilities from August 9-23.

Winding up the summer activities at the camp, a combined force of 510 U.S. Army Reservists from Michigan and Indiana will be here during August 17-30.

AuSable Group Commends Grayling Township

By Willard Bosserman
County Extension Director

The AuSable River Watershed Study Council highly commended Grayling Township for their AuSable River refuse control plan. At their meeting Tuesday, May 20, The council urged the Department of Natural Resources, Canoe Livery Associations, Trout Unlimited and all the other interested organizations to cooperate fully in the implementation of the program to control the litter problem on the Main Stream.

The Watershed Council further hopes that a similar program will be developed for the South Branch Township.

The Grayling Township portion of the AuSable River refuse control plan is scheduled to go into effect June 1 and run through September according to Bernard Fowler, Township Supervisor.

The plan calls for the placement of refuse containers at fifteen different locations along the Mainstream. Fowler is asking assistance in refuse pickup from the Department of Natural Resources, Trout Unlimited, County Park Commission, and Canoe Livery Association.

The township will place green refuse boxes at the sites they will service. They

are there for the use of canoeists, fishermen and other river users. Fowler emphasized the containers were not to be used for household refuse. The township has containers for household use already in service.

The Department of Natural Resources will be asked to continue the pickup of refuse at fishing sites and campgrounds under their control presently.

The AuSable River Watershed Study Council is deeply concerned about the two devastating forest fires which occurred the afternoon and evening of May 10.

There is ample evidence that these fires occurred because of military activities of the national guard. There is also ample evidence that the fire hazard rating on the day the fires occurred were so severe that only reasonable judgment should have ruled the stopping of such fire starting action.

The Council believes that it is imperative that effective control of fire creating military action must be undertaken if such adverse circumstances are to be prevented and requests action from the Governor of the State of Michigan.

A new vice-president at the Grayling State Bank has been announced by Jack Alef, President, following a Board of Directors meeting held May 20th.

He was also swimming instructor for the recreational department of the City of Trenton.

He and his wife, Jacqueline, have two children, Billy, 12, and Mary Jo, 10, and they will be residing in Riverside subdivision.

His parents, William and Mary Bonkowski, have been residents of Crawford County for the past 8 years having a home on M-72 East.

Community School To Offer Expanded Summer Program

The Community School Office of the Crawford AuSable School System announced earlier this week that it is presently planning an expanded Education and Recreation Program for the summer. The Supervised Playgrounds, Summer Swimming Program and Summer Arts and Crafts Program are planned to begin on Monday, June 23. These programs will operate on much the same basis as they did in past years. The two exceptions being that the Playground Program will include a weekly film festival and the swimming program will meet only four days per week.

In addition to the programs outlined above, several new areas are planned for the summer months which will provide High School Credit Classes to adults, special offerings in recreation and enrichment classes for adults and a newly developed "kid enrichment" program.

Tentative offerings in the Summer Adult Enrichment Program include several classes in tennis, oil painting, china painting, outdoor cooking and barbecuing, gymnastics and sailing.

A special enrichment program for children of the area is tentatively slated to go into operation on June 23 also. Classes presently planned in the program include tennis, gymnastics, pre-school nature study, entomology, mathematics and theatre. Registration for "kid enrichment" classes and the Summer Swimming Program must be completed no later than Friday, June 13. Students of the Grayling and Frederic Elementary Schools and the Grayling Middle School will be receiving information and registration forms from their teachers in the very near future.

Adult Enrichment and Adult High School Completion classes will also begin on June 23. A complete list of classes and their schedule as well as class descriptions and registration information will appear in next week's Avalanche. For further information concerning any of the Community School Programs, call 348-7641 and ask for the Community School Office or stop in personally to the Community School Office which is located at the new high school.

Kirtland's Nesting Sites To Be Closed By DNR

LANSING — In cooperation with the National Forest Service, the Michigan Department of Natural Resources is closing six areas where Kirtland's warblers nest in northeastern Lower Michigan.

"These small birds become disturbed by human intrusion into nesting areas," says John Byelich, DNR wildlife biologist. "Therefore, we are closing the active nesting areas to the public."

The areas have been posted and will remain closed until August 15 although guided tours through the nesting sites will be offered by the DNR and Forest Service from May 17 to July 1.

MEMORIAL FOR

ABBIE MADILL

A Memorial has been placed at the Frederic Community Library in loving memory of Abbie Madill.

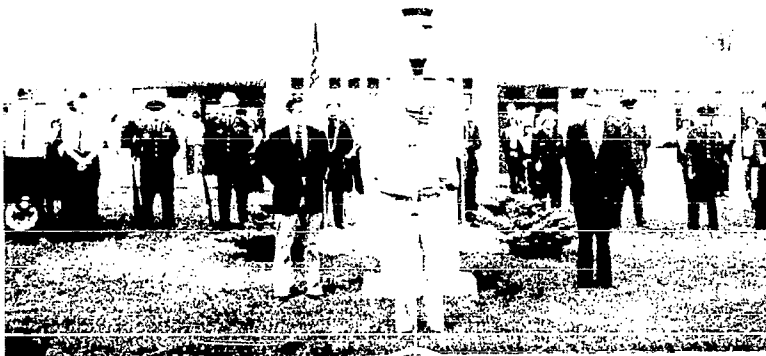

Those who donated to her memorial were: Ann and Anita [See Memorial on page 12]

Daily tours to spot the Kirtland's warbler, an officially designated endangered species, can be arranged through the Department of Natural Resources' Field Office located in the old hatchery building in Grayling, and through the District Ranger's office of the Forest Service in Mio.

There are only 167 known nesting pairs of the Kirtland's warbler in the world and the bird raises its young only in Michigan. It winters in the Bahama Islands.

In addition to the six state-owned areas being closed, the National Forest Service will close three nesting sites located on Federal property.

Recent forest fires in the vicinity, reports Byelich, have not affected the Kirtland's warbler range. "In fact," he says, "the fires will create additional nesting habitat for the birds in about seven years when jack pine seeds, released by the fire's heat, have a chance to grow."

ABWA Offers Kirtland Scholarship

At the April meeting of the American Business Women's Association it was voted to offer a \$100.00 per term Scholarship for two terms each year - to an eligible girl or woman from the Grayling area desiring to attend or complete her degree at Kirtland Community College.

Mrs. Joann Hall, Chairman of the Education Committee of ABWA, has been working with Bob Bovee and Howard Taylor of Grayling High School to secure the names of eligible and needy recipients.

Because it is late in the year the ABWA members have recommended that this Scholarship should start with the Fall term at Kirtland in 1975.

The recipient may be a June graduate, a person that has been out of school for a time and has decided she would like to attend Kirtland, or a person already attending who needs some financial assistance to complete her education.

The \$100.00 will be paid directly to Kirtland in the name of the recipient at the beginning of each term. This will help to defray the cost of tuition and books.

Anyone who is interested in being considered for this Scholarship, or who knows of someone in need should immediately contact Mrs. Joann Hall at 348-2151 between the hours of 3:30 and 9:30 p.m. or write Mrs. Hall at 410 Maple Street, Grayling.

AN APPRECIATION DINNER MAY 31st

The William (Roy) DeWitt family gave to education 128 acres, including what was formerly the Pioneer Hill Ski Lodge. Several other buildings were included in the gift.

This magnificent site for education is housing the COOR Intermediate School offices and one of the homes is serving the adult handicapped as a residence.

On Saturday, May 31st, an appreciation dinner for the family will be given at 6:30 in the new Roscommon High School. Several presentations will be made. The Sweet Adelines will sing. Tickets are \$3.00 single, \$5.00 couple. Persons who would like to take part in this recognition are cordially invited to attend.

WARNING

The Squad Range at Camp Grayling, located north of the North Down River Road and east of the East Branch of the AuSable River will be closed for range firing 31 May - 1 June 1975.

The Artillery Range at Camp Grayling, located north of County Road 612 and south of the North Branch of the AuSable River, will be used by National Guard Units 29-30-31 May and 1-3-4 June 1975 for range firing, artillery and air to ground.

These ranges will be closed on above dates and all persons are warned to stay out of these areas.

Property Tax Relief

In recent years, more and more school districts are forced to place requests for additional taxes before the voters. The primary reasons for this are the need for more money to offset the effect of inflation and growth; and the fact that the State of Michigan has shifted the burden of paying for schools onto the backs of the taxpayers.

Recent changes in the Michigan tax laws, however, have granted relief to retirees on their household property taxes if either they or their spouse have attained the age of 65.

Below is a chart listing the maximum dollar amount a person or couple over 65 would pay if their annual incomes are six thousand dollars or less. If either husband or wife are 65 both may take advantage of this provision on a joint tax return.

Household Income Is:	Maximum Property Tax:
-0-3,000	-0-
\$3,001-3,200	\$31.00
3,401-3,600	33.00
3,601-3,800	35.00
3,801-4,000	37.00
4,001-4,100	39.00
4,101-4,200	81.00
4,201-4,300	85.00
4,301-4,400	87.00
4,401-4,500	89.00
4,501-4,600	91.00
4,601-4,700	93.00
4,701-4,800	95.00
4,801-4,900	97.00
4,901-5,000	99.00
5,001-5,100	151.50
5,101-5,200	154.50
5,201-5,300	157.50
5,301-5,400	160.50
5,401-5,500	163.50
5,501-5,600	166.50
5,601-5,700	169.50
5,701-5,800	172.50
5,801-5,900	175.50
5,901-6,000	178.50

If individual or joint incomes are 6,000 or over the maximum dollar amount of household property taxes are computed at 3.5% of income. Thus a couple (either of whom is 65 or over) with an annual income of \$7,500.00 would get a refund from the State of everything over \$262.50. (.035 x 7,500 = 262.50)

Some important points to remember are:

1. You must file a Michigan Homestead Property Credit form by June 30.
2. The maximum refund is \$500.00
3. If you already receive a refund, any increase in your property taxes will be refunded (up to \$500.00).

Other similar property tax relief provisions have been written into the tax laws for disabled veterans, blind or disabled persons.

GRAYLING, MICHIGAN — THURSDAY, MAY 29, 1975

Big Shoes To Fill

Earl "Chum" Longworth, Executive Manager of the Grayling Regional Chamber of Commerce for the past 11 years, tendered his resignation to the Board of Directors at their April meeting.

It was with sadness when we heard of his decision—but are well aware of the trials and tribulations that he and his wife Marilyn have experienced in the past few months.

At first, he was going to stay on until October, but now his tenure date is July 1st. For this reason we withheld our remarks on this vital office in Crawford County—possibly hoping that "Chum" would change his mind.

We have worked together for many years, not only by serving on the board of directors for a three year term, but mostly through the paper, and know first hand of his tireless energy in promoting Crawford County.

It will take a big man to fill the shoes that "Chum" leaves behind—we wish them well.

But, more important, our sincere wishes for good health and happiness go to "Chum" and Marilyn in their well deserved relaxed world.

THE BIBLE SPEAKS

From Calvary Baptist Church

Remarriage After Divorce

There is much confusion in Christian circles concerning the remarriage of divorced persons. Some believe divorce is never possible, not even to speak of remarriage. Others believe divorce is possible, but remarriage is never possible as long as the partner lives. Still others believe only the innocent party has the right to remarry. We hold all of these positions to be contrary to the Bible, and based upon misinterpretation of a few isolated texts.

The Pharisees asked Jesus what ground or cause would give man a basis for divorce, Matthew 19:3. After Jesus gave them the perfect will of God for every marriage, Matthew 19:4-6, He then explained why divorce was instituted under the Old Testament law, Matthew 19:7-8. He concluded by giving them the only basis for divorce in the New Testament era, namely sex sin outside of marriage, Matthew 19:9. He said that divorce on any other basis leads to adultery.

Scriptural divorce frees both parties and gives both the guilty and innocent the right of remarriage. The divorced woman of Deuteronomy 24:1 is the guilty party, yet in the next verse she is told that "...she may go and be another man's wife." The right of divorce always carried with it the right of remarriage. The only Bible restriction on remarriage after divorce is remarriage to each other again, Deut. 24:3,4.

It is not a sin for a scripturally divorced person to remarry someone else. "Art thou bound (married) unto a wife (married partner)? seek not to be loosed (divorced) Art thou loosed (divorced) from a wife? seek not a wife. But and if thou marry, thou hast not sinned..." I Corinthians 7:27-28a.

Sexual needs is one motivation for scripturally divorced persons to seek remarriage.

"Nevertheless, to avoid fornication, let every man have his own wife, and let every woman have her own husband..." I Cor. 7:2.

Divorced persons have as much need to avoid sex sin as other single persons. How does God plan for them to handle sexual needs? "But if they cannot contain, let them marry, for it is better to marry than to burn." I Cor. 7:9. God says it is better to marry than to burn in sexual lusts and desires. God designed man and woman for marriage and sexual fulfillment. Celibacy is a gift of God and contrary to the norm, I Cor. 7:7. Divorced

persons who have normal sex drives may find marriage necessary to avoid sex sin.

Marriage should not be viewed as a necessary evil. "Marriage is honorable in all, and the bed undefiled; but whoremongers and adulterers God will judge." Hebrews 13:4. Marriage remains honorable before God until the bed becomes defiled by adultery. When the practice of adultery destroys the marriage, the divorce seals the death of the marriage in the eyes of the world. The adulterer must still face God concerning the death of this marriage.

Remarriage for a scripturally divorced person should be with caution, in light of previous experiences. It is scripturally possible and may be the natural thing to do to avoid future sex sin.

Next week we shall study some of the scriptures often misunderstood concerning marriage, divorce and remarriage. (adv.)

**MAXBAUER'S DAIRY
PRODUCTS OF CHARLEVOIX**

If you are over 30, do you really remember what good quality milk used to taste like. Milk that was brought from the farm, no cream taken out of it, just processed and delivered fresh to the store. This is what we are still doing.

12 years ago Michigan had about 1,000 dairies. Today only about 13 companies remain in the dairy processing business in this great state of ours.

WHAT HAS HAPPENED?

(The Big Guys Have Taken Over!)

We have been doing business since 1916 in Charlevoix and are doing our best to make available to you the finest dairy products money can buy. This we must do as you can see.

July 1, 1975 the state has again lowered the quality of whole milk from 3.5% to 3.25% because the big boys have asked them to do so. Under no circumstances are we trying to meet minimums, today or in the future. Anyone can do that.

Grandmother-Granddaughter Party a Success

The fourth annual Grandmother and Granddaughter party was held at the Senior Citizen Center on May 22nd, beginning with a delicious 6:30 p.m. potluck supper. Ninety-seven people attended.

The program began with the group singing, "How Do You Do, Dear Grandma, How Do You Do," lead by Sister Chrys and accompanied by June Feldhauser. Sister Frances gave the invocation and everyone enjoyed the variety of delicious dishes brought by the grandmothers. The dinner was topped off with ice cream, which, as usual, is always a treat to children.

Following dinner each granddaughter told her name and introduced her grandmother.

Sister Chrys gave a very entertaining talk on the "Virtues of a Good Grandmother and How She Can Affect Your Life."

The traditional "Tribute To A Granddaughter," was given by Helen Harwood followed by her own granddaughter, Joy Bobenmeyer, who gave the "Tribute To A Grandmother."

Recognition prizes, in the form of "Bill" corsages were given for: the oldest grandmother present, which was Olive Lewis who is 92; the grandmother with the most grandchildren who was Nellie Parkinson with 62 grandchildren; and the grandmother born in Grayling and lived here the longest which turned out to be Emma Knibbs who has lived here 78 years.

The "Kitchen Band" performed, accompanied by June Feldhauser with an added treat when the granddaughters joined in the merry-making and parodies on some old favorites.

A beautiful style show brought the evening to a close with outstanding fashions courtesy of The Village Shop and Tip Top Togs. The grandmother models were: Nellie Taylor, Fran Gifford, Esther Boerman, Ingaborg Leslie, Thelma Hunter, Mary Atkins, Olive Lewis, Jesse Servis, Florence Steere & Elsie Larson. Granddaughter models were: Allison Hoover, Trixie Hunter Sias, Tina Golinick and Jennifer Naor. Gloria Kraus narrated the show and the gorgeous fashions for both young and older were enjoyed by everyone.

Hearts came even closer after the warm and pleasant evening spent in each others company.

1975 Tourist Outlook Good

By William Boeserman
County Extension Director
Dr. Robert McIntosh, Michigan State University Extension Tourist Specialist predicts a good tourist summer. Motel operators were told this at two meetings held in Grayling and Houghton Lake recently.

McIntosh predicted an increase in travel over 1974. There is no informal supply control like early 1974. The price of gasoline has not increased a great deal over last year.

He is not wearing rose colored glasses, however tourists will be more rate and value conscious he claims. Prices of everything has gone up. Tourists will pay higher prices but will be looking for highest value for their money.

Tourist business will need more and better sales promotion to meet the competition. Michigan has strong competition from the south and Canada.

McIntosh believes tourists will be looking for more "packages." He stated those who have only sleeping accommodations might well cooperate with a restaurant to sell a package of sleeping and food for a festival like tip-up-town, mushroom festival or other activity. Packages permit the tourist to know what the price will be. Package prices are less than what the components purchased separately.

Michigan ranks second only to California in outdoor recreation. Michigan ranks seventh in total tourist business behind California, Florida, New York, Texas, Pennsylvania, and Illinois. Michigan is actually tied with Illinois. Illinois is high in tourist business primarily because Chicago is such a connection city. Chicago has 30,000 sleeping rooms compared with Detroit's 1,500 sleeping rooms for connections.

Smokey Says:

YOUR SMOKING MAY BE DANGEROUS TO THE FOREST'S HEALTH

Break your matches—crush your smokes

your week ahead by DR. A. W. DAMIS

Forecast Period: June 1 to June 7

ARIES Mar. 21-Apr. 19

Because of cosmetics or clothing, there will be a definite improvement in your appearance. Someone, however, who is envious, will tell you otherwise.

TAURUS Apr. 20-May 20

Don't panic! But, most members of your sign are highly error prone. It would be a good idea to re-read documents and concentrate on what you're writing.

GEMINI May 21-June 20

You might not admit it—not even to yourself. However, someone new on the scene could cause you to feel somewhat—inferior.

MOONCHILD June 21-July 22

Those under your sign, unattached, should have more than the usual amount of romance opportunities. Actually, this should be a good week, all around, for Moonchildren.

LEO July 23-Aug. 22

You're on the threshold of a project that might be beyond your capabilities. It's not a good period to go it alone—seek help and advice.

VIRGO Aug. 23-Sept. 22

Airing a grievance is one thing; provoking a superior is something else. Anyway, curb the urge to strike back at authority.

LIBRA Sept. 23-Oct. 22

You'll discover that you can do no wrong; during this cosmic cycle. You might, however, become too flippant with a member of the opposite sex.

SCORPIO Oct. 23-Nov. 21

Long term plans seem to be in the general scheme of things. Don't tip your hand by word or gesture. A friend might betray you, innocently.

SAGITTARIUS Nov. 22-Dec. 21

According to your chart, there seems to be an important phone call or letter that needs to be attended. Take care of it before the weekend.

CAPRICORN Dec. 22-Jan. 19

Those under your sign, unattached, should not take a member of the opposite sex for granted. Frankly, the same advice is applicable to attached Capricorns.

AQUARIUS Jan. 20-Feb. 18

It seems as though you'll be much too concerned about someone else's health or problems. Your sign, according to cosmic cycles, will be "too sympathetic."

PISCES Feb. 19-Mar. 20

A very casual meeting, one you could easily overlook, will play an important role in the immediate future. Yes! It's a member of the opposite sex.

Nothing personal, please

The day after one of our ships was missing, U.S. Senator James Buckley was on TV urging a "clinical bombing" of Cambodia.

Clinical? Most viewers probably let that adjective slide by without question. After all, Sen Buckley is the brother of William Buckley, the erudite columnist and TV personality who is always saying things no one understands. But he looks fearfully intelligent while he says them and Johnny Carson genuflects at every apostrophe. If William Buckley's brother says a bomb can be clinical, most people are going to figure he knows what he is talking about, even if he is a senator.

But I have a sticky ear, probably the result of an early boxing by my parents who hoped I would grow up to invent the electric light. (If you don't understand this paragraph, you never saw Mickey Rooney sell sandwiches in a railroad car. William Buckley isn't the only erudite columnist.)

Anyway, "clinical" created a clog in my ear. Just what in hell is a clinical bomb?

My immediate reaction was that it is a contradiction in terms. Bombs destroy; clinics repair.

An anti-tank missile is aimed at a tank. A clinical bomb might be aimed at a clinic, further maiming the wounded, killing the sick, and creating hopeless havoc in Book-keeping where the extent of Blue Cross-Blue Shield coverage would have to be determined in triplicate while the clinical bombs fell. All is fair in war. (All used to be fair in love, too, but that was before the toupee and the padded bra.)

But certainly Sen Buckley was not recommending the Red Cross be used as a bullseye. I made an apt-turn to my American Heritage dictionary.

After wading through all the medical definitions of clinical, I discovered this possibility: to be clinical also means to be "highly objective." And, a few pages over, it said to be objective is to be "uninfluenced by emotion or personal prejudice."

That must be what Sen Buckley means.

The U.S. should be cool when it drops the bombs on Cambodia. Not angry; not happy. No emotion at all. Nothing personal. Think of strategic targets, not soft people.

If that's his idea, Sen Buckley has not suggested anything new. That's how we bombed in Vietnam. And that's how we bombed in Cambodia the first time, remember?

In fact, the Pentagon and the White House were so unemotional about the earlier bombing of Cambodia, they were comatose. Nixon and the generals thought the bombing was such an unexciting nonevent it really wasn't worth talking about. Those clinical bombs dropped for a year and the people paying for them didn't know about it. Neither did most of Congress. Not even the Secretary of the Air Force knew what his planes were doing. That's clinical cool, man.

Sen Buckley is not asking too much. It is easy to be clinical from behind a cloud, or from behind a desk. Just push the button and fly away to cocktail hour. No emotional involvement. Clinical bombing is something like kissing your ugly cousin: peck and run and forget it.

Down on the ground with the cousins, of course, it's a little more difficult not to become emotionally involved. A clinical bomb might destroy your home, kill your child, or blow off your leg. Nothing personal, of course, but it's hard not to cry.

It's hard not to cry.

Lindemer pick for high court poor politics

The natural reaction to Gov. Milliken's appointment of Lawrence B. Lindemer to the Michigan Supreme Court, is that the selection was strictly political, through and through.

After all, Larry Lindemer has carried the Republican Party's water for something like 25 years. He was Republican state chairman back in the not-so-good-old-days (from a Republican standpoint) when former Gov. G. Mennen Williams as the Democratic champion was knocking over every Republican candidate in sight. Williams and Lindemer will be colleagues on the state Supreme Court now, by the way.

Larry Lindemer has been on tap whenever anything had to be done for the Republican Party in Michigan. His attitude has been sort of "if you need anything, just call." And many Republican leaders did just that, Bagwell, Romney, Ford, Rockefeller, Milliken.

Just lately when Lt. Gov. Jim Damman got into hot water on his past record as a city official, it was to Lindemer that Gov. Milliken turned when he wanted good, sound service and on short notice.

Larry Lindemer has earned his political spurs. He has worked hard and long and often for the party of his choice. And he has been rewarded in the past for his efforts—appointment as a University of Michigan Regent is one example.

Lindemer had no prior claim to the court appointment due to past party service alone: he has been chosen before for other things.

Even so, isn't Lindemer's appointment to the Michigan Supreme Court a political one? Not necessarily.

Although he is lacking in experience as a judge, Lindemer could make a good judge. I'm reminded of another former Republican party chairman who was made a judge—Federal Judge John Feikens, who has served on the federal bench with a good deal of distinction. Feikens had no judicial experience either.

Nobody really knows how any new judge will perform, regardless of previous experience. Some of the best jurists have gone to the bench without earlier wearing a judge's

robe; and so have some of the worst. Who knows?

But back to the political aspects of Milliken's appointment of Lindemer:

A political appointment, by its nature, should be designed to advance the political fortunes of one party or another.

Does the Lindemer appointment advance the Republican party's fortunes on the Michigan Supreme Court? Think about that one.

Lindemer will serve only until the 1976 general election when he will have to stand for election to fill the remaining six years on the late Justice Tom Kavanagh's term, to which he was elected last November.

Unless patterns change a whale of a lot in the minds of voters when they vote for judges, Lindemer at this point in time stands very little chance to win statewide election even in a so-called non-partisan court race.

Sure, Lindemer is known to almost all Republicans in Michigan; but by the nature of both his temperament and his past record, half of the Republicans in Michigan love him and half of them hate him. There's not much political advantage there.

And it goes without saying that Lindemer is poison personified to Michigan Democrats.

One Republican attorney commented to me that the liberal bloc on the court—that is, the Democratic contingent led by former Govs. Williams and Swainson—now has another member; the point, of course, is that Lindemer's long-standing brand of liberal Republicanism has created as many enemies within his own party as it has backers.

As GOP State Chairman Bill McLaughlin commented, a shrewder political appointment by Milliken would have been to name some justice with an electable name, such as Fitzgerald or O'Hara or what-have-you.

So why Lindemer? If it isn't good politics—and in my view, it isn't—it just may be that Gov. Milliken thought he would be a fine justice. That's the only logical reason I came up with.

Scouts Attend Camp-O-Rama

Scouts in Troop 997 of Grayling are receiving knot tying instructions from their leaders at the Lake Huron Area Council's "American Heritage" Camp-O-Rama, held this past weekend at the Midland County Fairgrounds. The Scouts are, left to right: Ben Larson, Loren Goodale, Dean Morford, Richard Allen - Asst. Scoutmaster, Leroy Rettell - Scoutmaster.

The Grayling Scouts were among nearly 2000 other Scouts from all over the 19-county Lake Huron Area Council who camped together for the first time in council history at the action-packed, three-day event, held in observance of the Nation's Bicentennial Celebration.

The Scouts participated in a variety of skill areas, including archery, bait casting, pioneering, personal fitness, natural ecology, and an exciting "challenge" arena. Smokey Bear was there to join the Scouts as they watched an Air Force fly-over and the technique of a world-champion wood chopper.

Highlight of the weekend was a spectacular Arena Show, Saturday night, viewed by several thousand Scouts and adults, where American history and culture were recalled in song by the internationally renowned balladeer - Bill Schustik. Schustik has performed in the White House, the Lincoln Center for the Performing Arts in New York City and in International Arts Festivals in Canada and Italy.

The Scouts from Grayling who returned home Sunday from the Jamboree-type Camp-O-Rama, had an exciting, memorable weekend.

Vike Netters End Season

By Kurt Larson

The Grayling tennis team finished their first season in varsity competition with a 5-4 record, following another close 4-3 win at Boyne City May 22nd.

The Vikes dropped a 5-2 match at Gaylord on May 19th, so their final record in the Michigan-Huron Shores Conference ended at 3-3, good enough for third place behind Petoskey and Charlevoix.

Freshman Tom Kaiser finished out the season with a 7-1 singles record after he went three sets to win at Boyne 6-7, 6-2, 6-3.

All three singles matches went the three set distance with Boyne grabbing the final two. Jon Thompson lost 6-3, 3-6, 5-7, as did Louie Madill in sets of 6-4, 4-6, 4-6. Madill finished the season at 4-5.

In doubles, Dean Darling and Wendy Gee won 6-4, 6-2. The match was originally planned to go to only five team points so Boyne supposedly won the match with a win over Paul Christian and Clare LaChappelle by a 2-6, 6-7 score.

However, it was decided to play two more matches. Ken Doty and Jim Whaley won 8-1, 6-1, Scott Fick and Clare LaChappelle won 6-2, 6-1 and Grayling came home with the win.

I run eight different engines. NAPA covers them all.

On my place, we run engines from eight different manufacturers. And, it's nice to know that when one stops running, my local NAPA Jobber has the parts I need to get it going again. Chances are he has in stock what I need for all of them, not to mention a big variety of tools, paints and farm/ranch supplies. But, if he's ever out, he gets what I need overnight. That's one service that's hard to find anywhere else.

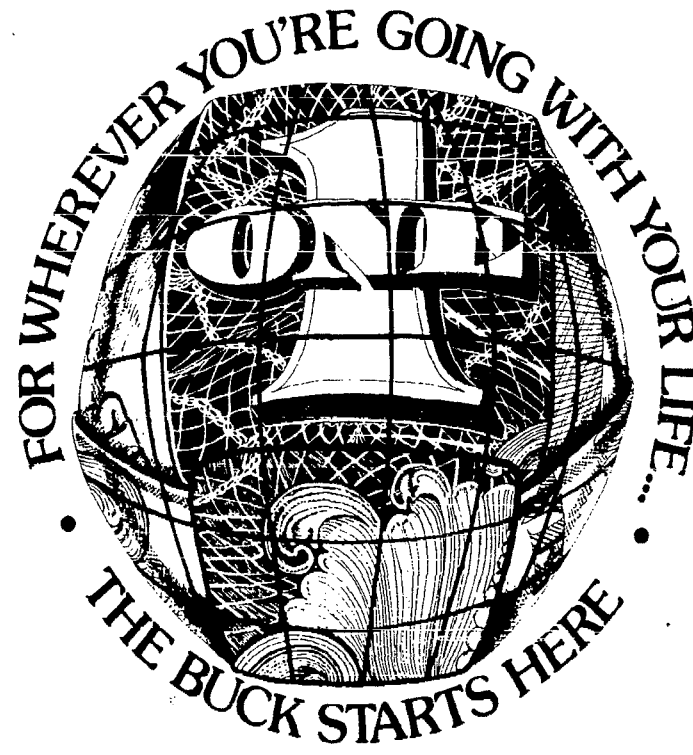

Your NAPA Jobber is a local independent businessman. Get to know

him. When you run a lot of machinery, you can't afford to run around looking for parts.

Attend The Church Of Your Choice

If she has kept up with the course all term, she'll not flunk because of this nap. BUT - if she is counting on the midnight oil to pull her through the exam... Too bad!

You've heard of people being converted to Christianity on their deathbed. True! As Christ promised salvation to a penitent thief on the cross, so God's love reaches out even in the final hour to those who call on Him in faith.

But don't live your life on the dangerous principle that last-minute cramming will satisfy all your religious needs.

There will be millions of adults and children in church next Sunday. They are seeking spiritual truth, gaining Christian convictions... not because they need some religion to die with - because they need Faith to live by.

HOLD TEA, FASHION SHOW—On Friday, May 16, the girls from the two Resource Rooms at Grayling Elementary had a tea. We invited Mrs. Smith's class, Mrs. Tarrant's class and some of the faculty members. We had a spring fashion show. Our clothes ranged from formal to casual. Our models pictured above from left to right: Sandy Oles, Rena Schlarb, Rosalie Coffman, Lisa LaMotte, and Kittie Mancour. Serving the punch were Deanne White and Nancy Knowles. We also served tea, cookies and cake. We wanted to write this article to tell you we really had a great time.

"Main Stream Musing"

[by Jaymee Seidel]
POWER TO KIDS

Only in America could a bachelor write a book about revolutionizing childhood and get rich selling it for \$7.95 a copy.

This man has several interesting theories, though. For instance, kids should have the right to work, own property, travel on their own, and choose their own teachers.

I thought social reformers had given their all for many generations now, just so that kids couldn't be made to work. Now he wants to give them back the "right." Oh well, while we're giving them that, why not go one step further and set them up in business for themselves? All we need to do is give a new interpretation to the term "small businessman", and the government could begin loaning them money to get started. I know one 7-year-old who'd be the first in line to be a candy store proprietor. I can see it now...

A representative of the Internal Revenue Service enters, flashes his identification card: "Hi there." (Kid) "Hullo." (IRS) "May I see your records, please?" (Kid) "Look, this is a candy store. For records, see Ronnie across the street at the Disc Dungeon." (IRS) "I mean, may I see your receipts for the first quarter of last year?" (Kid) "I don't give receipts. I just put the first quarter the same place I been putting all the other quarters, dimes and nickels since." (IRS) "Oh, Well, may I ask how much money you took in last year?" (Kid) "Um... lessee... Five billion, six hundred and eighty trillion, nine hundred fifty-seven dollars and ninety-eight cents." (IRS man, turning pale) "And where do you keep

the cash?" (Kid) "Here y'are." (He pulls out a potato chip can with a slot cut in the lid.) (IRS man counts money.) "Uh, this doesn't quite come to five billion, six hundred and - the amount you said. In fact, there's exactly \$11.98 here." (Kid) "Easy come, easy go."

Most kids already own some property — aren't comics, toys, and old sucker labels property? In fact, when I was making the beds this morning I came across some of my son's property under his pillow. There was a long strip of rubber and a small vial. For a minute I thought, "Don't tell me I have to worry about this already." But while I was on my hands and knees looking for the hypodermic needle, it hit me: Grandpa gave him the rubber to make a sling shot, and the vial used to hold sister's ear drops. He always takes a few important things like that to bed with him, in case he wakes up and feels the urge to tinker with one of his inventions, such as the combination laser beam and water pistol that's going to make him invincible.

The bachelor expert makes this startling observation, to top off his weird philosophy: "The parents of some of the nicest children I know try to treat them as if they were distinguished visitors from a foreign planet."

I don't know what your plan is, but when the little green men land on our grass, I'll probably go out to meet them smiling, but with a whip in one hand and a big stick in the other. Come to think of it, my children usually act as if that's how I look to them. Maybe I'm not doing too badly at that. Where do you go to get certified as a child psychology expert?

Camp Shawono

May 12, 1975 meeting held at Camp Shawono.
Members present: Dick Lattimer, Tom Hazen, Helen Moon, Sister Chrysostom, Cathy Kraus, Cal Knowles, Tom Tarrant, Tom and Mike, Camp Representatives.

Mr. Lattimer presented a slide presentation which he has been working on for the past year. This will be available for Tom Hazen to show at meetings to groups of interested persons locally and around the state. It shows the old camp and the new camp with candid shots of the boys, staff and open house. Interested groups can contact the camp at 348-5443 for a showing.

MONTHLY CAMP REPORT:
Boys Released, 14; Truancies, 7; Average length of stay, 6 months; New Boys added, 7; (Mr. Hazen reported receiving two new boys, both of whom were moved to other programs since they could not adjust to Camp Shawono life. They were involved in a B & E of a local business establishment with damages totaling \$38.84. Restitution will be made to the business.)

Cathy Kraus said she had received two calls in reference to volunteers for helping in the academic area at camp. Several other names were suggested. Tuesday, May 20th, at 7:00 p.m. was set as a time for persons interested in volunteering to meet at the camp, with Mr. Hazen. He suggested that some persons, perhaps senior volunteers, could help by running films or working with individual boys in special areas. Formal education is not a requirement.

Recognition of volunteers was discussed and Dick Lattimer said he would help in this area.

Methods and forms of education were discussed, with possible problems that might arise.

Tom Tarrant had talked to the Department of Social Services and stated they were going to set up a council of social agencies. They would like to have an overview of Camp Shawono. Tom felt we should have at least a representative on that council and also that there be a representative on our council from the Department of Social Services.

Mr. Lattimer asked about how the boys are transported to and from work crews. Mr. Hazen said they are now using DNR vans, which are safer, rather than the old box like vehicle.

Mr. Lattimer asked about the placement of one of the boys in the local community. Mr. Hazen will contact the persons involved for their decision.

The boys of Camp Shawono received community thanks for their volunteer assistance during the recent Frederic tornado. 16 of the boys pitched in and devoted many hours to helping the Frederic residents clean up after the storm.

The next meeting will be held Tuesday, June 3, at 6:30 p.m. in the library at Camp Shawono on Howe's Lake Road. The Grayling Citizens' Council would like to invite anyone in the community who would like to observe the council in action to attend.

To the Editor:

There are many complex solutions to rising crime rates but the Grayling City Council recently went out of its way to arrive at a simplistic solution that won't work.

The Council voted to support a ban on handguns.

Perhaps the action was based on the request of the Michigan Commission on Criminal Justice to 2,500 individuals and groups. One of the questions was regarding gun control.

It should be pointed out that these letters requesting opinions did not go to the two groups in the state which represent more firearms owners than any others.

Somewhat the commission did not solicit reaction from the Michigan United Conservation Clubs of which the Grayling Sportsmen's Club is a member or the Michigan Rifle and Pistol Clubs, these two organizations represent more than 100,000 firearms owners.

The Grayling City Council failed to recognize that its views on firearms did not represent the views of its constituents. It arbitrarily decided it knew what was best for everyone on the subject of firearms.

It decided to support a ban on handguns, overlooking or ignoring the state and federal constitutional guarantees of firearms ownership.

Would the handgun ban be enacted via the confiscation route? Did the council realize that the handgun confiscation bill in the Legislature this year has as little chance of passage as it did last year? What about the constitutional question of confiscation? Would handgun owners be paid? At what cost? Where would the funds be found for this?

Are not privately possessed handguns a crime deterrent that is difficult to measure? Should residents whose guns are taken put up signs on their homes to let criminals know they are unarmed?

Would criminals support the handgun ban and promptly turn in their illicit arms?

There are adequate gun-control laws in existence—about 20,000 of them nationwide. Michigan has had a strict law regarding handguns since 1927.

If the council had expertise or even common sense regarding firearms, it might better have suggested that courts and prosecutors use the existing gun laws as punishment and deterrents to crime instead of taking the approach that a new law is required. Even though current laws are not fully used.

It might have suggested that plea bargaining and early paroles for violent criminals were exercises in stupidity.

It might have suggested that because prosecutors and judges have failed to make full use of current gun laws that the Legislature might pass one of five bills to institute mandatory penalties for those convicted of using firearms in the commission of felonies or attempts to commit felonies.

The council might have realized there is more to gain by directing attention to criminal misuse of firearms, not harassment of law-abiding gun owners.

The 18th Amendment to the Constitution which brought us Prohibition should make it evident that a popular constitutional right as the one to own firearms should not be dealt with lightly.

If the council recommends confiscation of handguns does it also recommend that authorities go into private homes to take the guns of the law-abiding citizens—the only citizens who might be expected to obey a new law?

There are about two million or more handguns in the state, an estimated half-million of them illegally owned in the city of Detroit.

Last year the former head of the Michigan State Police pointed out that only 1/100 of 1 per cent of legally owned handguns are ever used in the commission of crime.

The U.S. Attorney General recently said the latest Justice Department figures on serious crime showed that in 1974 there was a 17 per cent increase, the largest increase since 1960. He attributed the increase to "a dismal failure on the part of our system of criminal justice." He further noted that only a small percentage of those arrested for felonies are convicted for those offenses.

It's time for "judge control" not confiscatory new gun control.

We would hope that the next time the council receives a question about firearms it goes to the people, especially those who own firearms.

We could let them know our feelings on the subject. Or we could—and we shall—let them know our feelings on election day!!!

This is absolutely horrible! Here I am forced to write a column a good six days before publication—due to the requirements of the Editor and the fact that his employees are entitled to, and well deserve, a Memorial Day vacation. But I still haven't got anything to say which is either nasty or controversial. Even Trout Unlimited and the DNR have behaved since I last wrote (three days ago).

-JP-

However, I did just notice a piece of handwritten paper on my desk. It's only partially done, but does bear repeating—particularly to those who believe in the signs of the Zodiac. It's about Scorpio. I'm a Scorpio, and so is the fourteen year old girl who was copying it. So is my good friend Mitch, owner and operator of the Arrowhead Inn here in town. By the way, he's got his new Copper Kettle bar open now and it is just plain beautiful. You ought to go out and see it. Very soon, he'll be serving his usual fine steaks in there, too. I think the place is a real asset to the community. But Mitch is still a Scorpio, born on the same day as I, with only a couple of year's difference (I won't tell you which way!). But I have strayed.

-JP-

"Scorpio," according to the copy, "is the sign of the Scorpion. At the first sign of a scorpion, it's a good idea to pick up your hat and shove off. Or as Browning, the poet, put it, 'Each sting that bids, nor sit nor stand, but go!' The sting of the Scorpion-born is mostly verbal, thank goodness. It stems from a fine sense of humor. They are quick to say witty things in public about the way you part your hair or the unusual fit of your coat. This is known as 'Radiating harmony' or 'speaking out of one's mind.' It gets Scorpios a lot of swell invitations to step outside for a moment where they will get a message from the stars.

If they are quick to duck, however, Scorpios may manage to survive this early formative period and grow up to be first rate drama critics, book reviewers or even gossip columnists with a complete success cycle and a shoebox full of libel suits. Another nice thing about Scorpios, they always turn up where least expected. Not in the toe of your sock, of course, but just in with their family from Detroit for a two week vacation at your house. Little Scorpios have been known to turn up behind davenport to interrupt a beautiful courtship by asking for a quarter to go to the movies. This is why people born under less auspicious signs give cries of surprise, like "Oh", "Ah" or "Scram" whenever they find a Scorpio. But the Scorpio doesn't mind. To him, it's a happy emotional experience..."

-JP-

I just managed to find out where that came from; it was found as a newspaper clipping from long ago in a scrapbook of, of all people, mine. It had to be long ago; after all, a quarter will hardly buy a Coke now, much less a movie ticket. More recent revelations from the stars indicate that Scorpios are also very sexy. I think I'll have to go check that out some fine evening. I don't know about the rest of my Scorpio friends but

To the Editor:

An appeal to parents of children residing on the South side and those who frequent the area.

Will all parents please ask your children not to ride your bikes on the sidewalks in the elderly housing project? Many of the tenants living at Ausagra Acres are from 85 to 95 years of age and use walkers and canes. Do you realize what it does to them when someone comes up behind them on a bike? If a person this age falls and breaks a hip, they can usually plan on spending the balance of their life in a hospital or nursing home. Consequently, many of our older people stay inside their units rather than risk being startled and fall. They plead with me to keep the bikes out. I talk to the children and tell them no bikes, but when I leave the office the elderly tell me it is a race track through the project. Even motorcycles were racing around in the project the other night. This is absolutely unacceptable. There are many streets and other areas for bike riding. Please see that your children do not come into the elderly section of the housing so that our older senior citizens can enjoy the evenings walking around visiting from unit to unit without fear.

Nobody really wants to get old but when you think of the alternative, it's not bad and if you are lucky - you will be old too.

Let's help them feel secure and safe in and around their little units and enjoy the fresh air anytime of the day or evening.

Please help...

Thank you, Lora Gould

IN MEMORIAM

In loving memory of our beloved mother, Grace Biskner, who passed away May 28, 1963.

Though years have passed into the mist, memory lingers like a kiss; a kiss filled with love now so long gone and yet the sweetness lingers on.

As days go by and eventide, I feel her always by my side; she shares my sorrows, tears and mirth, the most precious ma God put on earth.

Though I cannot touch her now, I will someday, this I know: Lord, the Savior does not lie, those who believe shall never die.

Sadly missed by her family.

If you're concerned about the cost of education!

The least expensive way to get your education is to live at home and attend Kirtland, a low-tuition community college.

The cost for one year of college in a public FOUR YEAR institution for Michigan students averages \$2,636.00. This figure is based on living on campus.

Your family could save THOUSANDS OF DOLLARS in just two years. You can attend Kirtland for \$10.00 per credit hour for tuition. This means a full student load for one semester would only cost \$150.00 for tuition. Why not attend Kirtland and then transfer two years of credit to the four year institution of your choice?

An exceedingly valuable guide is "Student Expenses at Post secondary Institutions, 1974-75," available for \$2.50 from the CSS, College Entrance Examination Board, Box 592, Princeton, N.J. 08540. Check out the facts for yourself! Kirtland has the best educational deal you can get for a quality education.

If you're a veteran!

Begin your college education now—start earning your Veterans Education Benefits.

Qualified Veterans receive monthly allowances ranging from \$270, if single, to \$366.00 if married with one child, plus \$22.00 for each additional dependent. If you're unemployed, you can continue receiving unemployment compensation. Remember, Veterans who were discharged between 1955 - 1966 will lose their eligibility for educational benefits in May of 1976.

If you're a Senior Citizen.....

All of Kirtland's courses, including specially designed classes to make the lives of retirees and senior citizens more interesting and exciting, are offered at no tuition cost to persons 60 years or older and their spouses. Chamber Secures Tourist Info.

Interesting information regarding the Tourist dollar and how it is spent has been received by the Grayling Regional Chamber of Commerce from the State of Michigan Department of Commerce.

Of the \$1.00, food takes a 21% bite, lodging is responsible for 17.6%, transportation in the form of fuel and oil takes 38.4%, retail purchases take 17.1%, and entertainment takes 5.9%, according to Chum Longworth, Chamber Manager.

The tourist dollar in a given community is passed around on the average of 13 times and is responsible for the livelihood of many people, not only the retailer, the restaurateur, the service station, and the motel owner, Longworth added.

Frau Anny Mueller of Pirmasens, Germany is expected to arrive May 30th to spend about a month with her daughter, Mrs. Donald Bentley and children, Donelle and Donald. It will be her first visit to Michigan.

Make It Easier, Call First to SS

"Make it a little easier on yourself the next time you have social security business," said Dale Averill, District Manager of the Traverse City Social Security Office. "Next time, try calling and perhaps save yourself a trip to the office. Our phone number is (616) 946-8360."

"Sometimes it is necessary to visit the office," said Averill. "So here are some tips to help time your visit to avoid inconvenience."

Call first, and if all our lines are busy - chances are - so is the office. If your business isn't urgent, wait and try again later.

Monday is our busiest day, so to avoid a crowd, try coming another day. Many people come to the office - first thing in the morning, so come a little later in the day to avoid the early bird rush.

Another really busy time is the beginning of each month when people get their checks. So if your business isn't urgent, you probably would be served faster if you contact us later in the month.

However, if you must call or visit our office during a peak period - please be patient. We are trying as hard as we can to serve the needs of each person, and we'll be making every effort to get to you as soon as possible.

We offer this advice out of concern for you and others who come to our office. We want to serve you better and these tips will help you to help us in doing that.
